

NATIONAL CENTER FOR HEALTH RESEARCH

The Voice For Prevention, Treatment And Policy

California

- **84,000** MedTech Jobs¹
- **1,529,224** Californians enrolled in or renewed quality, affordable private health coverage for calendar year 2015 in the open enrollment period that began Nov 15, 2014 (as of May 10, 2015, which are the latest statistics available).²
- As many as **16,133,192** non-elderly Californians have some type of pre-existing health condition, including **2,236,001** children. Today, most insurers can no longer deny coverage to anyone because of a pre-existing condition, like asthma or diabetes, under the health care law.³
- **12,092,000** people in California, including **4,448,000** women and **3,255,000** children, are free from worrying about lifetime limits on coverage.³
- **490,052** Californians with private insurance coverage benefited from **\$11,902,850** in refunds from insurance companies because of the ACA 80/20 rule.³
- The health care law expands mental health and substance use disorder benefits and federal parity protections for **7,559,245** Californians.³
- Specific information showing increases in sales, stock prices, and related financial indicators for select California-based companies are included in the 2015 report of the National Center for Health Research, Analysis of Impact of Device Excise Tax on U.S.-Based Medical Device Companies.⁴
